PUBLIC HEARING:

Application for Taxicab Services. Interim City Manager Crecelius stated staff received a Business License Application from Emerald Inn and Lounge to operate a taxicab service in the City of Blythe. Pursuant to Blythe Municipal Code Chapter 5.72 no permit to operate a taxicab service shall be granted until a Public Hearing has been conducted by the City Council and it has been determined that the operation of such taxicab service is a public convenience and necessity. There are no Taxi businesses currently permitted to operate in the City as no City of Blythe Business Licenses have been issued for taxi

businesses since 2018. If Council authorizes staff to move forward with issuance of a Business License/Permit for Emerald Inn and Lounge, the applicant's history and business legitimacy will be investigated by the Blythe Police department prior to the issuance of the Business License and Driver Permit(s). Therefore, subsequent to the Public Hearing it is recommended Council authorize the City Clerk to issue a Business License to Emerald Inn and Lounge DBA Emerald Taxi Blythe.

Mayor Reynolds would like to see more information as listed in the Municipal Code such as fee rate, color scheme, etc. Interim City Manager stated all of this will be vetted by staff once approved to move forward.

Mayor Reynolds opened the Public Hearing. George Colangeli, General Manager of PVVTA submitted written comments asking for Council to review the fare schedule before start of service, review and condition the business plan detailing a service model before start of service and consider providing PVVTA with monthly ridership reports.

Councilman Rodriguez would like to make sure we approve any advertising they do on their vehicle.

The Public Hearing was closed. Councilman DeConinck moved approval of staff's recommendation. The motion was seconded by Vice Mayor Egan with a unanimous aye vote.

ORAL REPORTS:

Interim City Manager Crecelius stated the deadline to Vote for Measure K is Tuesday, May 5, 2020.

Councilman Rodriguez would like to put on record Item #11 on the Consent Calendar which is the MCC Mortgage Program. This is a program for first time homebuyers.

Mayor Reynolds commended staff on keeping the City operational during this time. We appreciate each and every one of you who are out there doing what you need to do to keep us running on a daily basis.

PUBLIC COMMENT:

Ed and Cynthia Best of 2798 Clearwater Dr. submitted written comments related to the amount of party goers at Jungle Beach since March 14th who are not social distancing.

Juan Ramirez with the U.S. Census Bureau announced the Census deadline had been extended to October 31, 2020. As of yesterday, 37.6% of Blythe's residents have responded to the 2020 questionnaire. Our goal is to have 100% participation so that Blythe receives their fair share of the \$675 billion federal funds and grants.

Angie Patel would like to have the TOT Tax payments deferred for three months. Starting July 1st the hotel owners would start paying the amount due on a payment plan.

ADJOURN: The City Council meeting was adjourned at 6:32pm.

Dale Reynolds, Mayor

ATTEST:

I. OVERVIEW

A. INTRODUCTION

Pursuant to the order of the City Council of the City of Blythe, this report is prepared in compliance with the requirements of Article 4, Chapter 1, Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of the State of California.

This report presents the engineering analysis for Fiscal Year 2020/2021 for the District known as: City of Blythe Lighting District No. 1 (Hereinafter referred to as "District").

The District, by special benefit assessments, provide funding for the maintenance of landscaped areas owned by the City of Blythe, for the operation of street lights owned and maintained by Southern California Edison Company, for the operation and maintenance of traffic signals and for the operation and maintenance of appurtenant facilities; all of which are located in and along public roadways, streets and rights-of ways in the City of Blythe.

B. HISTORICAL BACKGROUND AND CURRENT LEGISLATION

Section 22573 of the Landscaping and Lighting Act of 1972 (the "1972 Act") requires assessments to be levied according to benefit rather than according to assessed value. The section states:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.

The determination of whether or not a lot or parcel will benefit from the improvements shall be made pursuant to the Improvement Act of 1911 (Division 7 (commencing with Section 5000)) [of the Streets and Highways Code, State of California]."

The 1972 Act also provides for the classification of various areas within an assessment district into different zones where,

"by reason of variations in the nature, location and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements."

An assessment district may consist of contiguous or non-contiguous areas. As the assessments are levied on the basis of benefit, they are considered a special benefit assessment, not a tax, and therefore, are not governed by Article XIII A of the California Constitution. Properties owned by public agencies, such as a city, county, state or the federal government must be assessed by law unless it can be demonstrated that they receive no special benefit.

C. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to the District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.

- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

II. BOUNDARIES OF THE DISTRICT

The existing boundary of the District are completely within the City limits of the City of Blythe and is shown on the Boundary Map (on file in the office of the City Clerk at the Blythe City Hall as Exhibit "A" and incorporated herein by reference). The boundary excludes the City's sewage treatment plant and the Chuckwalla/Ironwood Prison property, which are non-contiguous to the remainder of the City. All parcels of real property included within the District are described in detail on maps on file in the Riverside County Assessor's office for Fiscal Year 2020/2021. New development projects within the boundary of the District have been, and will continue to be, annexed into Lighting District No. 2 (LD2) since LD2 was formed in 1997. When such an annexation into LD2 is approved, the lots and parcels of land within the annexation are removed from, and become "not a part" of, the District.

III. IMPROVEMENTS

The facilities and items of servicing and maintenance included within the District are as follows:

A. LANDSCAPING AND ORNAMENTAL STRUCTURES

A map showing the location of all landscaping zones within the District, are on file in the office of the City Clerk at the Blythe City Hall as Exhibit "B". There are six areas in which landscaping, ornamental structures and appurtenant facilities will be maintained and serviced during Fiscal Year 2020/2021; designated as Zones C through H, respectively.

- Servicing means the furnishing of water for the irrigation of any landscaping, the

operation of any fountains, or the maintenance of any other improvements.

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of any improvement, including but not limited to:

1. Repair, removal or replacement of all or any part of any improvement.
2. Providing for the life, growth, health and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
3. The removal of trimmings, rubbish, debris and other solid waste.
4. The cleaning, sandblasting and painting of walls and other improvements to remove or cover graffiti.

B. STREET LIGHTS

A map showing the location of all street lights to be maintained and serviced by the District are on file in the office of the City Clerk at the Blythe City Hall as Exhibit "C". There are currently seven traffic signals operating with the City.

Servicing means the furnishing of electric current or energy, gas or other illuminating agent for public street lighting and appurtenant facilities, including traffic signals.

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of any improvement, including repair, removal, or replacement of all or any part of a component of the street lighting system, including traffic signals and the cleaning, sandblasting and painting of walls and other improvements to remove or cover graffiti.

C. PLANS AND SPECIFICATIONS

The plans and specifications showing and describing the general nature, location and extent of the improvements are on file in the office of the City Clerk and are incorporated herein by reference.

IV. METHOD OF APPORTIONMENT

The net amount to be assessed upon lands within the District in accordance with this report is apportioned by a formula and method which fairly distributes the amount among the assessable lots or parcels in proportion to the estimated benefits to be received by each lot or parcel from the improvements, namely the maintenance and servicing of public landscaping, ornamental structures, lighting and appurtenant facilities within the District. The maintenance and servicing of public landscaping, ornamental structures, lighting and appurtenant facilities installed and constructed in and along public roadways, streets and rights-of-way in the City of Blythe provides a special benefit which is received by each and every lot or parcel within the specified zones of benefit in the District, tending to enhance their value. Landscaping within the District enhances the aesthetic appeal of parcels within the landscaping zones. In addition, landscaping and ornamental structures improve erosion resistance and dust control. The streets within the District provide access to the lots or parcels assessed. Street lights improve ingress and egress from such lots or parcels by illuminating access after sunset. Such street lights, by so improving ingress and egress, improve the security of such lots or parcels by improving the nighttime visibility of such lots or parcels and improve the access of emergency vehicles thereto and in the case of commercial lots or parcels, facilitate the opening and operation of business uses after sunset.

The primary benefits of landscaping are as set forth below:

1. Improved aesthetic appeal of nearby parcels.
2. Improved erosion resistance.
3. Improved dust control.
4. Enhancement of the value of property which results from the foregoing benefits.

1. The area generally bounded by Hobsonway on the north, the east-west property line immediately south to and adjacent to 1-10 on the south, De Frain Boulevard on the west, and on the east by various property lines lying between Carlton Street and the southerly prolongation of Ehlers Boulevard.
2. The area generally south of Hobsonway and east of the southerly prolongation of Agate Drive.

The boundaries of Zones A through H are further described on the Boundary Map (on file in the office of the City Clerk as Exhibit "A").

Zones C through H inclusive overlap Zones A and B, and the landscape maintenance assessment will be in addition to any public street lighting assessment.

B. ASSESSMENT FORMULA

The formula used to calculate the amount spread to the parcels within the District for street lighting starts with the basic assessment unit. The basic assessment unit (AU) is given a value of one (1) for a single-family residential parcel in Zone

A. From this base, the remaining parcels are related according to their equivalent benefit within the District. Zone B parcels are not assessed for street lights. Zones C through H, inclusive, utilize the same formula for landscape maintenance as does Zone A for street lighting. The assignment of assessment units is shown in the table below.

Assessment Unit Chart

Land Use	Land Use Code	AU	Per
Single Family Residential (SFR)	1	1.00	Parcel
Apartments ⁽¹⁾			
1 thru 4 DU	2, 3, 4	1.00	DU
5 thru 20 DU	5	0.75	DU
21 thru 50 DU	5	0.67	DU
51 thru 100 DU	5	0.50	DU
101 DU or more	5	0.40	DU
Commercial (Non-Vacant) ⁽²⁾	10	6.00	Acre
Exempt Parcels ⁽³⁾	20	0.00	Parcel
Vacant (Any Land Use) ⁽⁴⁾	22	0.50	Parcel
Public Utilities ⁽⁵⁾	30	6.00	Acre
Churches, Fraternal Organizations ⁽⁶⁾	40	1.00	Parcel
Railroad Property ⁽⁷⁾	50	3.00	Acre
Agricultural Uses ⁽⁸⁾	60	0.25	Acre
Zone B (Not assessed for street lighting)	99	0.00	Parcel

Notes:

- (1) DU = Dwelling Unit. The assessment formula for apartment complexes is additive. Apartment units are assessed on a decreasing scale as the number of units increase because such units generally have a greater density per parcel than SFR's, are often located on upper stories, may be located a great distance from public rights-of-way, and generally are smaller units (in terms of floor area) than SFR's.
- (2) Commercial parcels are assessed at a rate of six (6) units per acre. This is based on the basic assessment unit compared to an average 65-foot by 100-foot residential parcel. Since there are 6.7 such parcels per acre, the number of assessment units was rounded down to six (6) per acre and applied to commercial property.
- (3) Parcels receiving no special benefit from the district such as letter lots, open space, streets, etc. are exempt.
- (4) Vacant parcels are assessed 0.5 AU per parcel for street lighting and landscaping (if the parcel is within a landscaping zone). Said vacant parcels receive a benefit from street lights which tends to reduce vandalism and trash dumping in spite of the fact that they are not developed. Those vacant parcels that are assessed for landscaping receive a benefit that tends to enhance the value of the property.
- (5) Public utility parcels are assessed in the same manner as commercial properties.
- (6) Churches and fraternal organizations are assessed at one (1) AU per parcel because they generally have less intensive usage of the land than other non-residential uses, such as commercial parcels, and therefore benefit less from the improvements.
- (7) Railroad property parcels are assessed at one-half of the amount applied to commercial properties or public utilities because their parcels are railroad track rights-of-way which receive a safety benefit due to

grade crossing lighting, but whose improvements are less susceptible to vandalism than commercial property improvements.

- (8) Agriculture parcels can have different types of use. Agricultural property with no residence is assessed 0.25 AU per acre with a minimum of 0.5 AU per parcel (similar to other vacant property). Agricultural parcels with residences are assessed 0.25 AU per acre with a minimum of one (1) AU per residence per parcel (similar to other residential parcels). Agricultural uses that do not include buildings or animals are assessed as vacant land.

Assessment Examples

The number of assessment units (AU) generated within the District for street lighting is 4,847.15. The dollars generated per AU in Zone A are:

$$\$103,535.16 / 4,847.15 \text{ AU} = \$21.36 / \text{AU}$$

Street Lighting

A commercial establishment on a 0.75-acre parcel. From the Assessment Unit Chart, commercial property is assessed at a rate of six (6) AU per acre.

$$0.75 \text{ acres} \times 6 \text{ AU} / \text{acre} = 4.5 \text{ AU}$$

The Fiscal Year 2020/2021 assessment for this commercial parcel is:

$$4.5 \text{ AU} \times \$21.36 / \text{AU} = \$96.12$$

Landscape Maintenance

The number of assessment units (AU) generated in Zone C for landscape maintenance is 50.50. The dollars generated per AU in Zone C are:

$$\$3,559.75 / 50.50 \text{ AU} = \$70.49 / \text{AU}$$

A single-family residence in Zone C. From the Assessment Unit Chart, a single-family residence is assigned one (1) AU per parcel.

The FY 2020/2021 assessment for a single-family residence is:

$$1 \text{ AU} \times \$70.49 / \text{AU} = \$70.49$$

Assessments in Zones D through H are determined in the same manner as assessments in Zone C as shown in the above example.

VI. ASSESSMENT ROLLS

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Riverside County Assessor's Parcel Maps for the year in which this Report is prepared. The land use classification and specific parcel data for each parcel is based on property information available from the Riverside County Assessor's Office or provided by the City, and by reference is made part of this Report. A listing of parcels to be assessed within the District for Fiscal Year 2020/2021, along with the proposed assessment amounts is provided on the following pages.

Approval of this Report (as submitted or as modified) confirms the method of apportionment and the proposed assessment rates to be levied against each eligible parcel within the District and thereby constitutes the approved levy and collection of assessments for Fiscal Year 2020/2021. The parcels and the amount of assessment to be levied shall be submitted to the Riverside County Auditor/Controller and included on the property tax roll for the fiscal year.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

I. OVERVIEW

A. INTRODUCTION

Pursuant to the order of the City Council of the City of Blythe, this report is prepared in compliance with the requirements of Article 4, Chapter 1, Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of the State of California.

This report presents the engineering analysis for the 2020/2021 Fiscal Year for the District to be known as: City of Blythe Lighting District No. 2 (Hereinafter referred to as "District").

This District, by special benefit assessments provides funding for the maintenance and servicing of streetlights and appurtenant facilities owned and maintained by Southern California Edison Company, all of which are located in public rights-of-way in the District.

B. HISTORICAL BACKGROUND AND CURRENT LEGISLATION

Section 22573, Landscaping and Lighting Act of 1972 ("the 1972 Act") requires assessments to be levied according to benefit rather than according to assessed value. The section states:

"The net amount to be assessed upon lands within an assessment District may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."

Furthermore, Section 4 of Article XIID of the California Constitution requires that no assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.

The 1972 Act also provides for the classification of various areas within an assessment District into different zones where,

"by reason of variations in the nature, location and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements."

An assessment District may consist of contiguous or noncontiguous areas. As the assessments are levied on the basis of benefit, they are considered a special benefit assessment, not a tax, and therefore, are not governed by Article XIII A or Article XIII C of the California Constitution. Properties owned by public agencies, such as a city, county, state or the federal government must be assessed by law unless it can be demonstrated that they receive no special benefit.

C. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to this District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;

- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

II. BOUNDARIES OF THE DISTRICT

The proposed boundary of the District is completely within the City limits of the City of Blythe and is shown on the Boundary Map (on file in the office of the City Clerk at the Blythe City Hall as Exhibit "A" and incorporated herein by reference). Exhibit "A" serves as the assessment diagram for the District. The boundary includes the parcels of land that are located in the vicinity of street lighting improvements that were installed during or after Fiscal Year 1996/1997 or from street lighting improvements which were installed during Fiscal Year 2012/2013 and are not included in Lighting District No. 1. Any parcels or lots confirmed within the District zones that are also within the boundary of Lighting District No.1 (L.D. No. 1) shall be de-annexed from L.D. No. 1. All parcels of real property included within the District are described in detail on maps on file in the Riverside County Assessor's office.

III. IMPROVEMENTS

The facilities and items of servicing and maintenance included within the District are as follows:

A. STREET LIGHTS

A map showing the location of all lighting zones within the District, is on file in the office of the City Clerk at the Blythe City Hall as Exhibit "B". The areas in which street light facilities are being operated and maintained during Fiscal Year

2020/2021 are designated as Zones 1 through 16, inclusive. There are no traffic signals within the District.

Servicing means the furnishing of electric current or energy, gas or other illuminating agent for public street lighting and appurtenant facilities.

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of any improvement, including repair, removal, or replacement of all or any part of a component of the street lighting system, and the cleaning, sandblasting and painting of improvements to remove or cover graffiti.

For the purposes of establishing benefit zone boundaries, a distance of 200 feet from a street light is used. The 200-foot distance establishes the usable area of light around a street light. This distance is used to include both full lighting coverage and partial lighting coverage of a parcel. That is, if a portion of a parcel is within 200 feet of a street light, it is subject to an assessment.

B. LANDSCAPE AND ORNAMENTAL STRUCTURES

A map showing the location of all landscaping zones within the District, is on file at City Hall with the City Clerk of the City of Blythe as Exhibit "C".

Servicing means the furnishing of water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other improvements.

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of any improvement, including:

1. Repair, removal or replacement of all or any part of any improvement.
2. Providing for the life, growth, health and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
3. The removal of trimmings, rubbish, debris and other solid waste.
4. The cleaning, sandblasting and painting of walls and other improvements to remove or cover graffiti.

Note: There are no new landscaping and ornamental structure zones in Fiscal Year 2020/2021.

C. PLANS AND SPECIFICATIONS

The plans and specifications showing and describing the general nature, location and extent of the improvements are on file in the office of the City Clerk and are incorporated herein by reference.

IV. METHOD OF APPORTIONMENT

The net amount to be assessed upon lands within the District in accordance with this report is apportioned by a formula and method which fairly distributes the amount among all assessable lots or parcels in proportion to the estimated special benefits to be received by each lot or parcel from the improvements, namely the maintenance and servicing of public street lighting and appurtenant facilities within the District. The maintenance and servicing of public lighting and appurtenant facilities installed and constructed in public places in the District provides a special benefit which is received by each and every assessed lot or parcel within the specified zones of benefit in the District, tending to specifically enhance their value. The streets within the District provide access to all lots or parcels assessed. Street lights improve ingress and egress from such lots or parcels by illuminating access after sunset. Such street lights, by so improving ingress and egress, improve the security of such lots or parcels by improving the nighttime visibility of such lots or parcels and improve the access of emergency vehicles thereto and in the case of commercial lots or parcels, facilitate the opening and operation of business uses after sunset.

The primary benefits of street lighting are convenience, safety, security and protection of property, property improvements and goods as set forth below:

1. Improvement to traffic circulation and reduction in night-time accidents and attendant human misery and decrease in personal property loss.
2. Less vulnerability to criminal assault at night.
3. Promotion of business during nighttime hours.
4. Improved ingress and egress to lots and parcels.
5. Reduction in vandalism and other criminal acts resulting in damage to improvements.

A. ZONES

The 1972 Act provides for areas within a District to be classified into different zones. Lighting District No. 2 is divided into sixteen (16) existing lighting benefit zones and three (3) existing landscaping zone. These zones are labeled 1 through 16, inclusive; and 82 through 85, inclusive, excepting 83. The zones are described as follows:

Zone 85 - (Landscaping) Same Boundary as Lighting Zone No. 15 with the same tract map and lot numbers shown above.

B. ASSESSMENT FORMULA

The basic formula used to calculate the amount spread to each parcel within the District for street lighting starts with the basic assessment unit. The basic assessment unit (AU) is given a value of one (1) for a single-family residential parcel. From this base, the remaining parcels are related according to their equivalent benefit within the District. The assignment of assessment units is shown in Table II below.

**Table II
ASSESSMENT UNIT CHART**

Land Use	Land Use Code	AU	Per
Single Family Residential	1	1	Parcel
Duplex, Triplex, Fourplex ⁽¹⁾	2, 3, 4	0.8	DU
Apartments: Standard (Five or more units) ⁽²⁾	5	0.6	DU
Apartments: Studio Units (Five or more units) ⁽²⁾	6	0.4	DU
Mobile Home: Park or Separate Lot ⁽¹⁾	7	0.8	Unit
Recreational Vehicle Park ⁽³⁾	8	0.3	Space
Commercial ⁽⁴⁾	10	5	Acre
Exempt Parcels (Homeowner's Association Parcels)	20	0	Parcel
Public Parcels (City, County, Water District, etc.) ⁽⁵⁾	Shall be assessed at the same rate as similar non-public parcels (e.g., City Hall would be assigned at the same rate as a parcel with commercial use - 5 AU's per acre).		
Vacant (Any land use) ⁽⁶⁾	22	0.5	Parcel
Public Utilities ⁽⁷⁾	30	5	Acre
Churches, Fraternal Organizations ⁽⁸⁾	40	1	Parcel
Railroad, PVID Property ⁽⁹⁾	50	2.5	Acre
Agricultural Uses ⁽¹⁰⁾	60	0.25	Acre

Notes:

1. DU = Dwelling Unit. Duplex, triplex, fourplex and mobile home parcels, as well as each space in a mobile home park, are assessed at a rate of 0.8 AU per parcel/space because such units are generally smaller than single-family residences.
2. The assessment formula for standard apartment complexes is 0.6 AU per DU. Apartment units are assessed less than a single family dwelling because such units generally have a greater density per parcel than SFR's, are often located on upper stories, may be located a great distance from public rights-of-way, and generally are smaller units (in terms of floor area) than SFR' s. Studio apartment complexes are assessed at a rate of 0.4 AU per DU because these units are generally smaller than standard apartment units with a single room living area with a bathroom and a small closet.
3. Recreational vehicle (RV) park parcels are assessed at a rate of 0.3 AU per space because RV parks tend to have seasonal business and often have a high number of vacancies. Therefore, they are assessed at a substantially lower rate than mobile home parks.
4. Commercial parcels are assessed at a rate of five (5) units per acre. This is based on the basic assessment unit applied to an average 65-foot by 100-foot (6,500 square feet) residential parcel. If an additional area allowance of 20 percent (20%) is added to the average residential parcel to account for public streets, the total area per average residential parcel becomes 7,800 square feet. Since there are 5.6 such parcels per acre, the number of assessment units is rounded down to five (5) per acre, with a minimum of 1 AU per parcel, and applied to non-vacant commercial property.
5. Parcels owned by public agencies such as the federal government, states, counties, cities, water District, irrigation District, etc. are subject to assessment unless it can be shown that the parcel receives no special benefit from the facilities being maintained and serviced with the assessment proceeds.
6. Vacant parcels are assessed 0.5 units per parcel for street lighting. Said vacant parcels do receive a special benefit from street lights which tends to reduce vandalism and trash dumping in spite of the fact that they are not developed.
7. Public utility parcels are assessed in the same manner as commercial properties.

8. Churches and fraternal organizations are assessed at 1 AU per parcel because they generally have less intensive usage of the land than other non-residential uses, such as commercial parcels, and therefore benefit less from the improvements.
9. Railroad and Palo Verde Irrigation District (PVID) parcels are assessed at one-half the amount applied to commercial properties or public utilities because their parcels are railroad track or irrigation canal rights-of way which receive a safety benefit due to grade crossing lighting (RR) or general lighting (PVID), but whose improvements are less susceptible to vandalism than commercial property improvements.
10. Agricultural parcels can have different types of use. Agricultural properties with no residence are assessed 0.25 AU per acre with a minimum of 0.5 AU per parcel (similar to other vacant property). Agricultural parcels with residences are assessed 0.25 AU per acre with a minimum of 1 AU per residence per parcel (similar to other residential parcels).

1. Special Benefit Analysis

Special benefit is defined as a particular and distinct benefit over and above the general benefit conferred on real property located in the District or to the public at large. General enhancement of property value does not constitute special benefit. Only special benefits are assessable, and the District must separate the special benefits from the general benefits conferred on a parcel.

General benefit is gained by lots or parcels outside of the District and by the general public. That is, lots or parcels outside of the zone in question, or a member of the general public that occasionally uses the street improvements within that zone, are gaining a benefit that is general in nature and which cannot be assessed for.

The maintenance and servicing of public landscaping, ornamental structures, and appurtenant facilities installed and constructed in and along public roadways, streets and rights-of-way in the City of Blythe provides a special benefit which is received by each and every lot or parcel within the specified zones of benefit in the District, tending to enhance their value. Landscaping within the District enhances the aesthetic appeal of parcels within the landscaping zones. In addition, landscaping and ornamental structures improve erosion resistance and dust control. The streets within the District provide access to all lots or parcels assessed.

The primary benefits of landscaping are as set forth below:

1. Improved aesthetic appeal of nearby parcels.
2. Improved erosion resistance.
3. Improved dust control.
4. Enhancement of the value of property which results from the foregoing benefits.

In general, there is no component of general benefit for landscaping since each landscaping zone is set up on a tract by tract basis, thereby generating special benefit only.

Concerning this District, the general benefit component of the total benefit to each lot or parcel gained from street lighting is determined from the classification of each street which has public street lights. It follows that when a street is used between sunset and sunrise, the street lighting is also used and is of benefit. The City of Blythe has five (5) separate street classifications, which are discussed below.

Starting with the lowest classification first, the benefit derived from street lighting by properties fronting on or in close proximity to Local (residential) Streets is readily determined to be 100% special benefit because all trips on Local Streets end on those streets with no "pass-through" trips.

The benefit derived by parcels or lots fronting on or in close proximity to street lights on Collector Streets is determined to be 95% special benefit because approximately 95% of the trips on Collector Streets end on or near such streets. It is estimated that 5% of the trips on Collector Streets are "pass-through" trips which represent general benefit.

The benefit derived from parcels or lots fronting on, or in close proximity to, street lights on Major Collector Streets is determined to be 90% special benefit because approximately 90% of the trips on Major Collector Streets end on or near such streets. It is estimated that 10% of the trips on Major Collector Streets are "pass-through" trips which represent general benefit.

The benefit derived from parcels or lots fronting on, or in close proximity to, street lights on Arterial Streets is determined to be 85% special benefit because approximately 85% of the trips on Arterial Streets end on or near such streets. It is estimated that 15% of the trips on Arterial Streets are "pass-through" trips which represent general benefit.

The benefit derived from parcels or lots fronting on, or in close proximity to, street lights on Major Arterial Streets is determined to be 80% special benefit because approximately 80% of the trips on Major Arterial Streets end on or near such streets. It is estimated that 20% of the trips on Major Arterial Streets are "pass-through" trips which represent general benefit.

If a parcel is located at an intersection of two streets with different classifications, the higher classification shall govern for establishing an assessment.

Street Classification	General Benefit (%)	Examples
Major Arteries (96' R/W)	20%	
Arterial (94' R/W)	15%	Hobsonway, Intake Boulevard, 14th Avenue, 7th Street
Major Collector (80' R/W)	10%	Chanslor Way (Riverside Avenue)
Collector (74' R/W)	5%	Wells Road, 4th Avenue, Dekens Court
Local (60' R/W)	0%	Riviera Drive, Bell Lane, Briar Lane, Juan Circle, Toro Circle, Lido Lane, Arrowhead Boulevard

2. Assessment of Public Property

Since the passage of Proposition 218 in November of 1996, it is required that lots and parcels owned by public agencies be assessed in the same manner and by the same formula as all other property. However, in order to be assessed any lot or parcel must receive a distinct and special benefit from the facilities and improvements which are being maintained and serviced by the assessment District proceeds. An example of a public parcel which would be subject to assessment would be a City-owned vacant parcel which is near a street light. That vacant parcel would be assessed at a rate of 0.5 AU just as a privately-owned vacant parcel would be.

3. Assessment Examples

Lighting:

The number of assessment units (AU) generated within Zone 1 is 434.42. The dollars required in Zone 1 are \$6,888.62. The dollar value of each AU is:

$$\$6,888.62/434.42 \text{ AU} = \$15.84/\text{AU}$$

- (1) A commercial establishment on a 0.75-acre parcel.

From the Assessment Unit Chart, commercial property is assessed at a rate of five (5) AU per acre.

$$0.75 \text{ Acres} \times 5 \text{ AU/Acre} = 3.75 \text{ AU}$$

The Fiscal Year 2020/2021 assessment for this commercial parcel is:

$$3.75 \text{ AU} \times \$15.84/\text{AU} = \$59.40$$

- (2) A 22-dwelling unit standard apartment complex on one (1) parcel of land within Zone 1.

From the Assessment Unit Chart, the assessment for this apartment complex is calculated at the rate of 0.6 AU per dwelling unit:

$$22 \text{ DU} \times 0.6 \text{ AUIDU} = 13.20 \text{ AU}$$

The assessment for this apartment complex for Fiscal Year 2020/2021 is:

$$13.20 \text{ AU} \times \$15.84/\text{AU} = \$209.08$$

Landscaping:

The number of assessment units (AU) generated within Zone 85 is 42.00. The funding required in Zone 85 is \$4,746.19. The dollar value of each AU is:

$$\$4,746.19/42.00 \text{ AU} = \$113.00 \text{ AU}$$

Each residence in Zone 85 is assessed for one AU, or \$113.00.

C. LIMITATIONS ON INCREASE OF ANNUAL ASSESSMENT

The City Council will automatically increase assessments in accordance with the Consumer Price Index for all Urban Consumers for the Riverside-San Bernardino-Ontario, CA, published by the United States Department of Labor, Bureau of Labor Statistics; from March to March provided however, that any such annual increase shall not exceed five percent (5%). The maximum assessment rate will be increased by 2.30% for Fiscal Year 2020/2021.

V. DISTRICT BUDGET

The estimated cost requirements for Fiscal Year 2020/2021, for the improvements described in the "Improvements" section of this report, are summarized in the below tables. Estimated costs are shown for each benefit zone and for incidental costs to be funded by the District.

Note: Incidental Costs are prorated among the zones of benefit in proportion to their respective servicing and maintenance costs.

VI. ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Riverside County Assessor's Parcel Maps for the year in which this Report is prepared. The land use classification and specific parcel data for each parcel is based on property information available from the Riverside County Assessor's Office or provided by the City, and by reference is made part of this Report. A listing of parcels to be assessed within this District for fiscal year 2020/2021, along with the proposed assessment amounts is provided on the following pages.

Approval of this Report (as submitted or as modified) confirms the method of apportionment and the proposed assessment rates to be levied against each eligible parcel within the District and thereby constitutes the approved levy and collection of assessments for fiscal year 2020/2021. The parcels and the amount of assessment to be levied shall be submitted to the Riverside County Auditor/Controller and included on the property tax roll for the fiscal year.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

**CITY OF BLYTHE
CITY COUNCIL MEETING**

STAFF REPORT

MEETING DATE: May 12, 2020

SUBJECT: Consideration of Resolution to Continue the Local Emergency Due to COVID-19

PRESENTED BY: Mallory Crecelius, City Clerk

PREPARED BY: Mallory Crecelius, City Clerk

RECOMMENDATION: Council adopt the following Resolution:

RESOLUTION NO. 2020-016 – A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BLYTHE, CALIFORNIA, DETERMINING THE NEED TO CONTINUE THE LOCAL EMERGENCY PROCLAIMED ON MARCH 20, 2020

FISCAL IMPACT: The City may incur costs for the continued coordination, surveillance, communication and management of the COVID-19 local emergency, as well as related services and supplies. Staff will pursue Federal and State reimbursement for all City costs incurred.

BACKGROUND: On March 24, 2020, the City Council adopted Resolution 2020-009, ratifying Proclamation No. 2020-01 declaring the existence of a local emergency, which was issued by the Mayor acting in the capacity of Disaster Director. The local emergency is due to the novel coronavirus (COVID-19) pandemic. Pursuant to Government Code Section 8630(c), the City Council is required to review the need for continuing the local emergency at least once every 60 days until the City Council terminates the local emergency.

STAFF REPORT: The State of California has been in a State of Emergency due to the COVID-19 pandemic since March 4, 2020. Riverside County has had a local emergency in effect since March 8, 2020. Blythe's local emergency has been in effect since March 20, 2020. On March 19, 2020, the Governor issued an Executive Order directing all individuals living in the State to stay home or at their place of residence except as needed to maintain continuity of operations of the federal infrastructure sectors. Although the State has begun implementing a four-stage framework to modify the Governor's stay at home order by gradually opening businesses and public spaces, the Governor has stated that the virus is still dangerous and still poses a significant public health risk.

As of May 6, 2020, the California Department of Public Health (CDPH) reported there were 58,815 confirmed cases of COVID-19 in California. As of the same date, the Riverside County Department of Public Health reported there were 4,672 confirmed cases in the County. The County reported there were 10 confirmed cases in Blythe as of May 5, 2020. Health officials expect the number of cases in California, the United States and worldwide to continue to increase.

Since the Mayor's proclamation of the existence of a local emergency due to the COVID-19

pandemic, staff at all levels of the City have been engaged in responding to the emergency. It is essential that the City continue to provide basic services and provide for continuity of services over the long-term. Staff is requesting that the City Council continue the local emergency.

To carry out the provisions of Part 1.6 of Division 2 of the Revenue and Taxation Code and the Ordinance, the California State Department of Tax and Fee Administration, (hereinafter called the "Department") and the City do agree as follows:

**ARTICLE I
DEFINITIONS**

Unless the context requires otherwise, wherever the following terms appear in the Agreement, they shall be interpreted to mean the following:

1. "District taxes" shall mean the transactions and use taxes, penalties, and interest imposed under an ordinance specifically authorized by Revenue and Taxation code Section _____, and in compliance with Part 1.6, Division 2 of the Revenue and Taxation Code.

2. "City Ordinance" shall mean the City's Transactions and Use Tax Ordinance referred to above and attached hereto, Ordinance No.900-20, as amended from time to time, or as deemed to be amended from time to time pursuant to Revenue and Taxation Code Section 7262.2.

ADMINISTRATION AND COLLECTION
OF CITY TAXES**

A. Administration. The Department and City agree that the Department shall perform exclusively all functions incident to the administration and operation of the City Ordinance.

B. Other Applicable Laws. City agrees that all provisions of law applicable to the administration and operation of the Department Sales and Use Tax Law which are not inconsistent with Part 1.6 of Division 2 of the Revenue and Taxation Code shall be applicable to the administration and operation of the City Ordinance. City agrees that money collected pursuant to the City Ordinance may be deposited into the State Treasury to the credit of the Retail Sales Tax Fund and may be drawn from that Fund for any authorized purpose, including making refunds, compensating and reimbursing the Department pursuant to Article IV of this Agreement, and transmitting to City the amount to which City is entitled.

C. Transmittal of money.

1. For the period during which the tax is in effect, and except as otherwise provided herein, all district taxes collected under the provisions of the City Ordinance shall be transmitted to City periodically as promptly as feasible, but not less often than twice in each calendar quarter.

2. For periods subsequent to the expiration date of the tax whether by City's self-imposed limits or by final judgment of any court of the State of California holding that City's ordinance is invalid or void, all district taxes collected under the provisions of the City Ordinance shall be transmitted to City not less than once in each calendar quarter.

3. Transmittals may be made by mail or electronic funds transfer to an account of the City designated and authorized by the City. A statement shall be furnished at least quarterly indicating the amounts withheld pursuant to Article IV of this Agreement.

D. Rules. The Department shall prescribe and adopt such rules and regulations as in its judgment are necessary or desirable for the administration and operation of the City Ordinance and the distribution of the district taxes collected thereunder.

E. Preference. Unless the payor instructs otherwise, and except as otherwise provided in this Agreement, the Department shall give no preference in applying money received for state sales and use taxes, state-administered local sales and use taxes, and district transactions and use taxes owed by a taxpayer, but shall apply moneys collected to the satisfaction of the claims of the State, cities, counties, cities and counties, redevelopment agencies, other districts, and City as their interests appear.

F. Security. The Department agrees that any security which it hereafter requires to be furnished by taxpayers under the State Sales and Use Tax Law will be upon such terms that it also will be available for the payment of the claims of City for district taxes owing to it as its interest appears. The Department shall not be required to change the terms of any security now held by it, and City shall not participate in any security now held by the Department.

G. Records of the Department.

When requested by resolution of the legislative body of the City under section 7056 of the Revenue and Taxation Code, the Department agrees to permit authorized personnel of the City to examine the records of the Department, including the name, address, and account number of each seller holding a seller's permit with a registered business location in the City, pertaining to the ascertainment of transactions and use taxes collected for the City. Information obtained by the City from examination of the Department's records shall be used by the City only for purposes related to the collection of transactions and use taxes by the Department pursuant to this Agreement.

H. Annexation. City agrees that the Department shall not be required to give effect to an annexation, for the purpose of collecting, allocating, and distributing District transactions and use taxes, earlier than the first day of the calendar quarter which commences not less than two months after notice to the Department. 2. All district taxes collected as a result of determinations or billings made by the Department, and all amounts refunded or credited may be distributed or charged to the respective districts in the same ratio as the taxpayer's self-declared district taxes for the period for which the determination, billing, refund or credit applies.

6. Any dispute as to the amount of costs incurred by Department in refunding taxes shall be referred to the State Director of Finance for resolution and the Director's decision shall be final.

7. Costs incurred by Department in connection with such refunds shall be billed by Department on or before the 25th day of the second month following the month in which the judgment of a court of the State of California holding City's Ordinance invalid or void becomes final. Thereafter Department shall bill City on or before the 25th of each month for all costs incurred by Department for the preceding calendar month. AN ORDINANCE OF THE CITY OF BLYTHE, CALIFORNIA, ENACTING A TRANSACTIONS AND USE TAX (SALES TAX) TO BE ADMINISTERED BY THE DEPARTMENT OF TAX AND FEE ADMINISTRATION, SUBJECT TO ADOPTION BY THE ELECTORATE

The people of the City of Blythe do ordain as follows:

SECTION 1. ADOPTION OF NEW CHAPTER.

Chapter 3.14 (Transactions and Use Tax) is hereby added to the Blythe Municipal Code to read as follows:

Chapter 3.14 -TRANSACTIONS AND USE TAX

3.14.010 Title.

The ordinance codified in this chapter shall be known as the City of Blythe Transactions and Use Tax Ordinance. This chapter shall be applicable in the incorporated territory of the city.

3.14.020 Operative date.

“Operative Date” means the first day of the first calendar quarter commencing more than 110 days after the approval of the tax set forth herein by the voters.

3.14.030 Purpose.

The city adopts the ordinance codified by this chapter to achieve the following, among other purposes, and directs that the provisions hereof be interpreted in order to accomplish those purposes:

A. To impose a retail transactions and use tax in accordance with the provisions of Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code and Section 7285.9 of Part 1.7 of Division 2 which authorize the city to adopt a tax ordinance which shall be operative if a majority of the electors voting on the measure vote to approve the imposition of the tax at an election called for that purpose.

B. To adopt a retail transactions and use tax ordinance that incorporates provisions identical to those of the Sales and Use Tax Law of the State of California insofar as those provisions are not inconsistent with the requirements and limitations contained in Part 1.6 of Division 2 of the Revenue and Taxation Code.

C. To adopt a retail transactions and use tax ordinance that imposes a tax and provides a measure therefore that can be administered and collected by the California Department of Tax and Fee Administration in a manner that adapts itself as fully as practicable to, and requires the least possible deviation from, the existing statutory and administrative procedures followed by the California Department of Tax and Fee Administration in administering and collecting the California State Sales and Use Taxes.

D. To adopt a retail transactions and use tax ordinance that can be administered in a manner that will be, to the greatest degree possible, consistent with the provisions of Part 1.6 of Division 2 of the Revenue and Taxation Code, minimize the cost of collecting the transactions and use taxes, and at the same time, minimize the burden of record keeping upon persons subject to taxation under the provisions

of this Ordinance.

- E. To provide transactions and use tax revenue to the city to be used for general purposes.

3.14.040 Contract with state.

Prior to the operative date, the city shall contract with the California Department of Tax and Fee Administration to perform all functions incident to the administration and operation of the transactions and use tax ordinance codified herein; provided, that if the city shall not have contracted with the California Department of Tax and Fee Administration prior to the operative date, it shall nevertheless so contract and in such a case the operative date shall be the first day of the first calendar quarter following the execution of such a contract.

3.14.050 Transactions tax rate.

For the privilege of selling tangible personal property at retail, a tax is hereby imposed upon all retailers in the incorporated territory of the city at the rate of one percent (1%) of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in said territory on and after the operative date of the ordinance codified in this chapter.

3.14.060 Place of sale.

For the purposes of this chapter, all retail sales are consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his or her agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. The gross receipts from such sales shall include delivery charges, when such charges are subject to the state sales and use tax, regardless of the place to which delivery is made. In the event a retailer has no permanent place of business in the State or has more than one place of business, the place or places at which the retail sales are consummated shall be determined under rules and regulations to be prescribed and adopted by the California Department of Tax and Fee Administration.

3.14.070 Use tax rate.

An excise tax is hereby imposed on the storage, use or other consumption in the city of tangible personal property purchased from any retailer on and after the operative date of this chapter for storage, use or other consumption in said territory at the rate of one percent (1%) of the sales price of the property. The sales price shall include delivery charges when such charges are subject to state sales or use tax regardless of the place to which delivery is made.

3.14.080 Adoption of the provisions of state law.

Except as otherwise provided in this chapter and except insofar as they are inconsistent with the provisions of Part 1.6 of Division 2 of the Revenue and Taxation Code, all of the provisions of Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code are hereby adopted and made a part of this chapter as though fully set forth herein.

3.14.090 Limitations on adoption of state law and collection of use tax.

In adopting the provisions of Part 1 of Division 2 of the Revenue and Taxation Code:

- A. Wherever the State of California is named or referred to as the taxing agency, the name of

this city shall be substituted therefor. However, the substitution shall not be made when:

1. The word "State" is used as a part of the title of the State Controller, State Treasurer, State Treasury, or the Constitution of the State of California;

2. The result of that substitution would require action to be taken by or against this city or any agency, officer, or employee thereof rather than by or against the California Department of Tax and Fee Administration, in performing the functions incident to the administration or operation of this chapter.

3. In those sections, including, but not necessarily limited to sections referring to the exterior boundaries of the State of California, where the result of the substitution would be to:

a. Provide an exemption from this tax with respect to certain sales, storage, use or other consumption of tangible personal property which would not otherwise be exempt from this tax while such sales, storage, use or other consumption remain subject to tax by the State under the provisions of Part 1 of Division 2 of the Revenue and Taxation Code, or;

b. Impose this tax with respect to certain sales, storage, use or other consumption of tangible personal property which would not be subject to tax by the state under the said provision of that code.

4. In Sections 6701, 6702 (except in the last sentence thereof), 6711, 6715, 6737, 6797 or 6828 of the Revenue and Taxation Code.

B. The word "City" shall be substituted for the word "State" in the phrase "retailer engaged in business in this State" in Section 6203 and in the definition of that phrase in Section 6203.

1. "A retailer engaged in business in the District" shall also include any retailer that, in the preceding calendar year or the current calendar year, has total combined sales of tangible personal property in this state or for delivery in the State by the retailer and all persons related to the retailer that exceeds five hundred thousand dollars (\$500,000). For purposes of this section, a person is related to another person if both persons are related to each other pursuant to Section 267(b) of Title 26 of the United States Code and the regulations thereunder.

3.14.100 Permit not required.

3.14.110 Exemptions and exclusions.

A. There shall be excluded from the measure of the transactions tax and the use tax the amount of any sales tax or use tax imposed by the State of California or by any city, city and county, or county pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law or the amount of any State-administered transactions or use tax.

b. With respect to commercial vehicles, by registration to a place of business out-of-city and declaration under penalty of perjury, signed by the buyer, that the vehicle will be operated from that address.

3. The sale of tangible personal property if the seller is obligated to furnish the property for a fixed price pursuant to a contract entered into prior to the operative date of the ordinance codified in this chapter.

4. A lease of tangible personal property which is a continuing sale of such property, for any period of time for which the lessor is obligated to lease the property for an amount fixed by the lease prior to the operative date of the ordinance codified in this chapter.

5. For the purposes of subparagraphs (3) and (4) of this section, the sale or lease of tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.

date of this ordinance.

5. For the purposes of subparagraphs (3) and (4) of this section, storage, use, or other consumption, or possession of, or exercise of any right or power over, tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.

The city council or the city's voters may amend this chapter to comply with applicable law or as may be otherwise necessary to further the ordinance codified in this chapter's stated purposes. However, as required by Article XIII C of the California Constitution, no amendment to this chapter may increase the rate of the taxes authorized by this chapter unless such amendment is submitted to an approved by the voters.

**CITY OF BLYTHE
CITY COUNCIL MEETING**

STAFF REPORT

MEETING DATE: May 12, 2020

SUBJECT: TOT Deferral Request

PRESENTED BY: Mallory Crecelius, Interim City Manager

PREPARED BY: Mallory Crecelius, Interim City Manager

RECOMMENDATION: Provide direction to staff on whether or not TOT penalties and interest will be waived for late payments received during the COVID-19 pandemic.

FISCAL IMPACT: Unknown at this time.

BACKGROUND: On March 19, 2020, the Governor issued an Executive Order directing all individuals living in the State to stay home or at their place of residence except as needed to maintain continuity of operations of the federal infrastructure sectors. Although the State has begun implementing a four-stage framework to modify the Governor's stay at home order by gradually opening businesses and public spaces, we do not know when hotel/motels will be able to fully re-open to the public and how long it will take us to recover from this pandemic.

Staff received requests from a couple of hotel/motel owners requesting to have penalties and interest waived for any late payments made during the shutdown orders. At the April 28, 2020 City Council meeting staff was directed to place this on the May Agenda for discussion.

STAFF REPORT: Although City staff understands the struggles our business owners are now facing, staff is not in support of this request. The City is experiencing shortfalls in sales tax, Measure A, gas tax and utility payments. We are estimating a loss of \$500,000 with the most impact to the General Fund. City staff wants to support businesses at this time, but the City must maintain the ability to pay its bills with a budget that was balanced with minimal reserves. It is still unknown as to how long the effects of this pandemic will impact the City and its finances.

Transient Occupancy Tax "TOT" is a tax collected by the hotel/motel owner from the customer on behalf of the City. The payment is made to the City on a monthly basis. As an example, all taxes collected on behalf of the City in February would be due and payable to the City by the last business day of the month in March. It is staff's understating the business owners would like to use the TOT tax funds collected for cash flow purposes. They have requested that if a partial payment or no payment is made, all penalties and interest regularly due for missed payments would be waived.

If Council were to grant the hotel/motel owners request, staff would advise placing some parameters on this deferral program. As the Stay at home order went into effect on March 19, 2020 staff recommends that no fees be waived for any payments which were due prior to the March return. It is also recommended the City require each hotel to continue to submit the

monthly TOT reporting form by the deadline and make at the very least a partial payment, Staff would recommended 50% of the tax due the City. All outstanding TOT amounts due the City should be paid no later than December 31, 2020 to have the penalties and interest waived.
